Hi Kristen,

Please find the attached files. I have the five routine events in one tab, and the two wet weather events in the other.

Let me know if you have any questions.

Thanks

George!

Hope the new year is treating you well.

We are writing the Physical Water Column Monitoring Report from 2009-2010. I got placed in charge since the person who led it was not able to do so.

Do you have a list of samples EPA split during those programs??

Thank you much.

Kristen
